The VP8300 from ID TECH is a secure EMV chip, magnetic stripe reader with contactless capabilities. The VP8300 is an attractively packaged customer facing countertop payment solution providing the merchant with the ability to accept all payment types including loyalty programs. The VP8300 is the perfect solution for merchants that need to support the latest payment capabilities without the additional overhead, complexities and cost of a full PINPad payment device.
The ViVOpay 8300 is an MSR, EMV, Contact, Contactless countertop payment solution, packaged in an attractive and eyecatching design. Ask us how our common kernel can speed up your time to market and save you costly L3 approvals!
