

Blog1006 - Introducing Augusta with Quick Chip: A Faster Way to Do EMV

www.idtechproducts.com/blog/e...

Wouldn't it be great if a chip-card transaction took, say, 2.0 seconds instead of 20 seconds? We thought so too. Which is why ID TECH is proud to introduce the patent-pending Augusta with Quick Chip (see photo), the fastest contact-EMV card reader money will buy. Just insert your chip card, remove it two seconds later, and put your card away while a...
